We are pleased to advise that Stillwater Group has divested Just Windows and Doors Ltd to the Global Group of companies.

Global have been working very closely over the last 3 months with the existing management team to ensure there is a smooth transition into the next phase of business development for the company. Global are an experienced investor and we are confident they are the right partner to take the business forward.

This divestment allows Stillwater to focus on its core activities of aluminium window, door and curtain wall fabrication and the further development of the Green Modular business.

We would like to thank Greg O'Donoghue and all employees for their commitment and support over many years. Just Windows and Doors will remain a key customer of A Plus Aluminium and will continue to have a close working relationship with the Stillwater Group.
